Ever wonder why your local gym, health club, fitness centers, yoga outlet, or related institution was so keen to enforce the so-called “vaccine passports”? Maybe, just maybe, they were paid off to do so. The above listings include private gyms and some chains.

CEWS is an acronym for “Canada Emergency Wage Subsidy”, and the program is pretty self explanatory. For most businesses, salaries are the largest expense, by far.

Keep in mind, there are other programs, like the rental subsidy.

The last image requires an explanation. It’s from a gym in British Columbia that requires patrons to have the vaccine passport and to register with the front desk. However, that same gym supports and advocates for the rights and choices of the RCMP in this matter. As most know: the RCMP is the enforcement arm of medical tyranny throughout most of Canada. This

company demands its customers have the vaxx pass, you know, the people who pay the salaries. But, they "back the blue" in their fight with Ottawa. And yes, this particular gym is also getting CEWS, which shouldn't surprise anyone.

This continues the list of institutions that are getting funded to shill the "pandemic" narrative. These include: restaurants and hotels, political parties, law firms, more law firms, churches, trucking associations, chambers of commerce, financial institutions, and the publishing industry, to name a few.

Remember: things often don't make sense until you see the entire picture. This site tries to show you as much of it as possible, and money seems to always be the driving factor.

I have to wonder if the parent company (Protectve Data) of Goodlife Fitness, is part of the vax pass system and are surrepticiously collecting ‘data’ as well. This would explain why Goodlife is imposing the vax pass in violation of our human rights.
